

VIBRATORY SORTER TYPE: Z-3071

Vibratory Sorter Z-3071 is a machine for feeding appropriately oriented elements (sprayheads, caps, valves) to the inserting/closing machine. Vibratory Sorter Z-9071 construction provides acoustic insulation that protects line operators against noise from vibrations. The machine is equipped with dedicated control cassettes to control operation of Vibratory Sorter and with a mounting adapter to properly install output conveyor.
